

July Update

RESIDENT NOTIFICATION: LINCOLN STREET HEADQUARTERS WELL DRILLING PROJECT

Serrano Water District (SWD) will be drilling a new water well on our Lincoln Street Headquarters property May through September. This new well will replace the existing Well #3, which has been experiencing issues. SWD has entered into a drilling contract with South West Pump and Drilling.

PROJECT TIMELINE

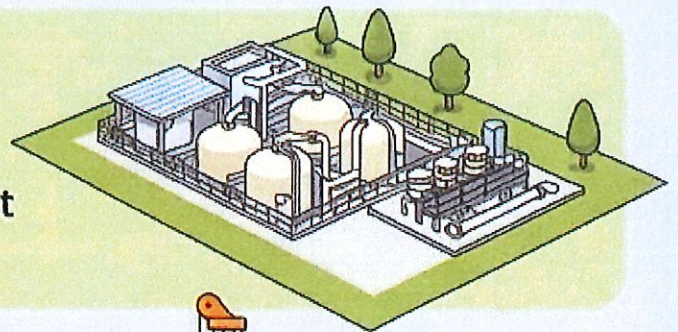

JUL

AUG

WELL DRILLING: July through August

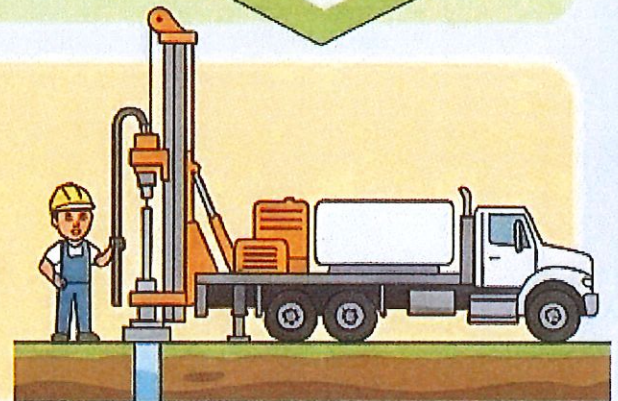

WORK HOURS & NOISE

Well drilling work will occur 24 hours per day for periods during July and August. 24 hour per day work is essential to the successful construction of the well.

Residents can expect an increase in noise during well drilling.

SOUND MITIGATION

Sound barriers have been installed to minimize noise impact on the neighborhood.

WE APPRECIATE YOUR PATIENCE!
